

Income You Cannot Outlive With The IncomeSecure

When you purchase a fixed-indexed annuity from Great American Life®, you may have the opportunity to add the IncomeSecureSM rider. Adding this optional rider to your annuity can help you achieve your retirement goals with these competitive features:

- Option to start rider income payments immediately if age 55+
- Receive rider income payments for life
- Flexibility to choose your payment option when you're ready to receive income.
- Choose from single lifetime income or joint lifetime income.

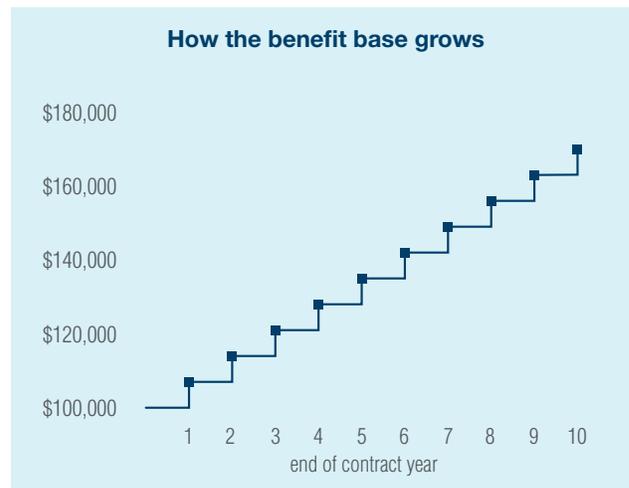

How the IncomeSecure works

Adding the IncomeSecure rider to your annuity contract creates a new value referred to as the benefit base. The benefit base is the amount used to calculate your rider income payments. In contract years 1-10, **your benefit base will increase by 7% of all the purchase payments you contribute to your annuity in the first contract year.** Your benefit base grows regardless of market conditions.

What happens if I die?

The IncomeSecure rider offers flexibility for your loved ones.

If income payments have not started, the surviving spouse can receive a lump sum payment, and **rider charges are refunded,** or the spouse can choose to continue the rider.

For example, if you purchase a fixed-indexed annuity with a \$100,000 purchase payment, your benefit base will increase by \$7,000 per year for 10 years.

If income payments have started, and the joint lifetime income option was selected, rider income payments will continue for the life of the surviving spouse.

An annual rider charge equal to 0.95% of the rider benefit base will be deducted from the account value of the annuity at the end of each contract year. The annual rider charge may increase if certain events occur. Consider the benefits and restrictions of the annuity contract, which can provide guaranteed income for life through annuitization, and the benefits, restrictions and costs of the IncomeSecure rider before adding the rider to a fixed-indexed annuity.

Increases in the benefit base are subject to the limitations set out in the rider. For single lifetime option, you must be at least age 55 on the income start date. For joint lifetime option, you and your spouse must both be at least age 55 on the income start date.

Withdrawals may have a significant negative impact on the benefits of the rider. For example, withdrawals may reduce the benefit base and may reduce or stop increases in the benefit base. This flier presents one example of how the IncomeSecure rider works. The IncomeSecure Buyer's Guide contains additional information about the rider. Please read your rider for definitions and complete terms and conditions.

The IncomeSecure (R6036711NW) rider is issued by Great American Life Insurance Company®, a wholly owned subsidiary of MassMutual. Rider form number may vary by state. Rider and features may vary by state, and may not be available in all states. All guarantees based on the claims-paying ability of Great American Life®.
